

ZONCA
la luce e' passione

Over a century of light

Flexibility is a strength that allows the company to treat the product serial, contract and custom made, with remarkable achievements of prestige.

Design, research of forms and materials, care in the execution of the product, the concepts are passed by other names and translated into contemporary language.

In addition to its own in-house designers, the company relies on the search for new formal solutions to some of the most famous designers in the contemporary scene. This is how lamps uniquely styled creations designed to show its beauty in classy interior.

Zonca offers a full range of products and services to meet the needs Hotel class: the creations Zonca give light and elegance in accommodation facilities of the highest standard.

A success due to the ability to create customized products, in close co-operation between the company and the designers, the architects chosen by the client.

To all this, add a well-kept after-sales service, which is why these developments in detail meet any aesthetic requirement and technical adhering to the expectations of the most demanding.

In addition to its own in-house designers, the company relies on the search for new formal solutions to some of the most famous designers in the contemporary scene. This is how lamps uniquely styled creations designed to show its beauty in classy interior.

Bubbles and bumps in Venetian glass art, seams and joints in shades, slight color variations on different supplies, they are all possible imperfections in our products, created so uniquely crafted and in the tradition of made in Italy.

Oltre un secolo di lampade

La flessibilità è un punto di forza che consente all'azienda di curare il prodotto seriale, il contract e il custom made, con realizzazioni di ragguardevole prestigio.

Design, ricerca delle forme e dei materiali, cura nella esecuzione del prodotto, sono concetti tramandati con altri nomi e tradotti in linguaggio contemporaneo.

Oltre a disporre di propri progettisti interni, l'azienda affida la ricerca di nuove soluzioni formali ad alcuni fra i più celebri designer del panorama contemporaneo. Nascono così lampade dallo stile esclusivo, creazioni pensate per esibire la propria bellezza in ambientazioni di classe.

Zonca offre una gamma completa di prodotti e di servizi per le esigenze dell'hotel di classe: le creazioni Zonca donano luce ed eleganza a strutture alberghiere di altissimo livello.

Un successo dovuto anche alla capacità di realizzare prodotti personalizzati, nella stretta collaborazione fra l'azienda e i progettisti, gli architetti indicati dal cliente.

A tutto ciò, si aggiunge una curatissima assistenza post vendita: ecco perché queste realizzazioni soddisfano nel dettaglio qualunque requisito estetico e tecnico, aderendo alle aspettative dei più esigenti.

Oltre a disporre di propri progettisti interni, l'azienda affida la ricerca di nuove soluzioni formali ad alcuni fra i più celebri designer del panorama contemporaneo. Nascono così lampade dallo stile esclusivo, creazioni pensate per esibire la propria bellezza in ambientazioni di classe.

Bollicine e rilievi nei vetri artistici veneziani, cuciture e giunzioni a vista nei paralumi, leggere variazioni di colore su forniture diverse, sono tutte possibili imperfezioni nei nostri prodotti, creati in modo unicamente artigianale e nel rispetto della tradizione del made in Italy.

IL CODICE COMPLETO DEL PRODOTTO SI DETERMINA DA:

- il primo campo alfanumerico o numerico identifica il modello scelto escluso di finiture, tale codice si legge sotto il disegno dell'articolo;
- dopo il primo campo si aggiungono i codici delle diverse finiture applicabili all'articolo.

Pertanto per ordinare un prodotto a catalogo si dovrà indicare il codice completo così come verrà presentato nel listino di riferimento.

Modifiche di prodotti non specificabili con i campi aggiuntivi di serie richiederanno un cambio di codice.

THE COMPLETE CODE OF THE PRODUCT IS DETERMINED BY:

- the first alphanumerical or numerical field identifies the chosen model excluding finishes, this code is located under the article design;
- after the first field add the codes of different finishes applicable to the article.

Therefore, to order a product in the catalogue please indicate the complete code as well as will be presented in the reference list.

Changes of products not specified with the series of additional fields will require a change of code.
